- The School makes all reasonable checks on hosts providing accommodation so as to ensure they are suitable to accommodate younger students based on their history of providing accommodation to students and visits to the household. The School also makes all reasonable efforts to undertake criminal records checks on all adults resident in host accommodation, but is not always possible to ensure these are complete for all hosts upon student's arrival.
- Your child will travel between the school and the host family unsupervised.
- Students under 18 years-old are not permitted to buy or consume alcohol in pubs.

I have read and understood this information. I recognize that the course my child will be attending is designed for adults.
